SUMMARY

Full Stack Web Developer looking to leverage my skills to create and design innovative and unique websites. Certified in full stack web development from the Georgia Institute of Technology. My eye for design and my background in media design gives me an edge in UX design to match my precision on the back end. My collaborative nature and enthusiasm for organization allows me to be an asset to any engineering team.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, JQuery, Node.js, Bootstrap, Sequelize, Express, React

Applications: Heroku, Git, MySQL, MongoDB

PROJECTS

Masked Wanderer | <https://github.com/nataliegarcia-8/Domestic-Covid19-TravelApp> | <https://nataliegarcia-8.github.io/Domestic-Covid19-TravelApp/>

- A domestic travel app that helps travelers make informed decisions on where to travel by providing them with COVID-19 data, and the cheapest flight to their desired destination.
- Front-end responsibilities, creating a mobile responsive and UI friendly design
- Bulma CSS framework, HTML5, CSS3, JavaScript

Weather Dashboard | <https://github.com/nataliegarcia-8/weather-dashboard> | <https://nataliegarcia-8.github.io/weather-dashboard/>

- A weather dashboard website utilizing data from OpenWeather API to show current weather and a 5-Day Forecast.
- Utilizing HTML, CSS, JQuery, moment.js, & local storage to display weather information through user input by city search

Reality Tasks | <https://rocky-reaches-21290.herokuapp.com/> | <https://github.com/nataliegarcia-8/reality-tasks>

- A 3D environment to make keeping track of daily tasks a little more enjoyable.
- Utilizing Express, Passport.js, bcrypt, and sequelize to create authenticated login and signup pages
- Launched on Heroku using sequelize for database interaction

RELEVANT EXPERIENCE

Web Development Intern

FALL 2020

Third Lens Ministries

Atlanta, GA

- Utilized front-end web development skills to redesign the nonprofit website.

Key Accomplishments:

- Lead a development and marketing team to create a donation page essential to the non-profit company

Web Designer

SPRING 2020

New Media Capstone

Athens, GA

- Created a 3-page website to present and market a screensaver application using HTML, Bootstrap, CSS, & JavaScript

Key Accomplishments:

- Collaborated with multi-Emmy winning photographer, Ken Woo to facilitate and brand the PictureWindow application
- Created a dynamic website to launch a progressive Roku application

ADDITIONAL EXPERIENCE

Podcast Producer & Web Developer
The Danny Daniel Show | WCOC Radio

SPRING 2020
Athens, GA

- Redesigned podcast website to be UI friendly and catered to a layout for a podcast
- Enhanced content and layout for the podcast show to draw a wider-range of listeners and appeal to a local audience & handled all production aspects of an Athens local podcast
